Oxford Community Police together with the Township of East Zorra-Tavistock municipal offices and the Township of East Zorra-Tavistock Fire Chief, have recently received complaints concerning telephone solicitation involving a “mould company” and a “home comfort company”, both of which are based from London, Ontario.

The premise of the call is regarding free home inspections of duct-work, furnace and carbon monoxide checks with an indication that they will be in the area. Both of these companies have affiliated themselves verbally with London Hydro and the Oxford County Board of Health, neither of which appears to be the case. Please be further aware that the Township of East Zorra-Tavistock Fire Department is also not affiliated with these companies.

The Oxford Community Police are continuing to investigate these and other similar complaints. The Oxford Community Police would like to remind residents of Oxford County to “buyer beware” and exercise caution and common sense if a similar phone call is received.
