

ALL OXFORD COUNTY MUNICIPAL WATER SYSTEMS OUTDOOR WATER USE RESTRICTIONS

EFFECTIVE IMMEDIATELY:

The County of Oxford is imposing additional outside watering restrictions. A combination of high water usage and construction at some water facilities has stressed the capacity of water systems. Low Water Level Alerts issued by area Conservation Authorities support the need for reduced water use.

**THIS REDUCTION IS NOT VOLUNTARY.
THESE RESTRICTIONS WILL BE IN EFFECT UNTIL SEPTEMBER 4, 2007.**

No new permits for sod or seeding new lawns will be issued
Automatic sprinkler systems must also follow the schedule below.

Property owners will be allowed outside water use **once per week** depending on the last digit of their street address. Hours of use are 06:00 am to 09:00 am and 06:00 pm to 09:00 pm.

- 0 or 1 may water on Mondays
- 2 or 3 may water on Tuesdays
- 4 or 5 may water on Wednesdays
- 6 or 7 may water on Thursdays
- 8 or 9 may water on Fridays

Please hand water flower containers, vegetables and gardens that are showing signs of stress on your normal watering day and time (ie every other day as per normal watering restrictions). Washing vehicles, decks or driveways outside the once per week allotted time is prohibited. Your assistance in managing the water demand is greatly appreciated.

On September 4, 2007 the normal Water Use By-law of odd and even watering days will resume.

VIOLATIONS:

- 1st Offence - Verbal warning or written warning if no one is home.
- 2nd Offence - Water pressure to the property may be reduced. A \$75 charge applies to have the pressure returned to normal. Other charges may apply according to By-Law #4193-2002.
